trailer to the respective 19 Plaintiffs), causing Plaintiffs additional, avoidable damages (which have already been included in ¶ 213 above). [Note: Wal-Mart and Sam's Club did not participate in the activities alleged in this paragraph, having been dropped as defendants by this time, because of the alleged warehouse activities of the Defendants.]

Damages

243. As a result, the Warehouse Plaintiffs have suffered damages in the amount of \$525,000, plus the loss of the trial and action in the Predecessor Action.

244. The 19 Plaintiffs are entitled to damages in the amount of \$525,000 plus the 19 Plaintiffs' damages which they failed to recover through trial and judgment in the Predecessor Action.

245. The 19 Plaintiffs are entitled to attorney's fees in a reasonable amount.

246. Each of the 19 Plaintiffs is entitled to interest on its damages.

247. Each of the Warehouse Defendants acted willfully, and maliciously, with near criminal indifference to its civil obligations, for the purpose of injuring each of the 245 plaintiffs in the group which had initially brought suit against the Warehouse Defendants, through excessive, hardball litigation tactics.

248. Each of the 19 Plaintiffs is entitled to punitive damages against each of the Warehouse Defendants in an amount to be determined by the trier of fact.

PRAYER

WHEREFORE, the plaintiffs (as identified in Appendix D) demand judgment against each of the Manufacturer Defendants and each of the Retailer Defendants (as identified in Appendix D), as follows:

1. As to Count I, that it be adjudged and decreed that the activities of each of the Manufacturer Defendants and Retailer Defendants constitute a violation of § 2(a) or § 2(f) of the Robinson-Patman Act as to each of the plaintiffs making claim against the defendant;

2. As to Count II, that it be adjudged and decreed that the activities of each of the POS-participating Manufacturer Defendants and the AutoZone Defendants constitute a violation of § 2(a) or § 2(f) of the Robinson-Patman Act as to each of the plaintiffs making claim against the defendant;

3. As to Count III, that it be adjudged and decreed that the activities of each of the RFID-participating Manufacturer Defendants and Defendants Wal-Mart and Sam's Club constitute a violation of § 2(a) or § 2(f) of the Robinson-Patman Act or, alternatively (as to the Manufacturer Defendants), § 2(d) or § 2(e), as to each of the plaintiffs making claim against the defendant;

4. As to Count IV (manufacturers' advertising and promotional programs), that it be adjudged and decreed that the activities of each of the Manufacturer Defendants constitute a violation of § 2(d) or § 2(d) of the Robinson-Patman Act as to each of the plaintiffs making claim against the defendant;

5. As to Count V, that it be adjudged and decreed that the activities of each of the AutoZone Defendants and defendant Advance constitute actionable commonlaw fraud as to each of the 19 Plaintiffs;

6. Awarding damages in favor of each plaintiff, in an amount not presently known to the plaintiffs but which will be proved with certainty at the time of trial.

7. Awarding trebled damages as to the plaintiffs in each of Counts I through IV.

8. Awarding attorneys' fees as to all plaintiffs in each of Counts I through IV, under the Clayton Act, and under New York law as to the 19 Plaintiffs named in Count V (commonlaw fraud).

9. Enjoining permanently (i) each of the Manufacturer Defendants from offering or providing discriminatory auto-parts product-line prices or auto-parts prices to any of the Retailer Defendants or other Major Retailers, and (ii) each of the Retailer Defendants from inducing and/or knowingly receiving, as the favored purchaser, discriminatory prices from any of the Manufacturer Defendants, directly or indirectly.

10. Enjoining permanently each of the Retailer Defendants from opening up any new retail stores in direct or indirect competition with any of the plaintiffs (or Jobber or WD members of the Coalition of any of the member trade associations) until such time that the Retailer Defendant proves that it is no longer inducing or knowingly receiving unlawfully low prices for the auto-parts product lines or auto parts they buy and resell in such competition with any of the plaintiff or other WD's or Jobbers.

11. Enjoining permanently each of the Manufacturer Defendants, by mandatory injunction, requiring them to publish and adhere to a price list for each functional level of distribution, and to disclose upon request by any Plaintiff customer a copy of the Manufacturer's entire agreement, including all amendments, with any of the Major Retailers, and requiring the Manufacturer Defendant to make the same terms available to each of the direct-purchasing Plaintiffs or the WD Suppliers.

12. Enjoining defendants from continuing with the additional activities described in ¶¶ 112, 112A, 112B, 112C, 126, 133, 134, 147, 155, 156 and 170 above, which injunction descriptions are incorporated by reference hereby.

13. That each of the defendants be assessed interest (as to Count V), costs and disbursements; and

14. That plaintiffs have such other and further relief as this Court may deem just and proper.

Jury Demand

Plaintiffs hereby demand a trial by jury of all issues properly triable to a jury pursuant to Rule 38(b) of the Federal Rules of Civil Procedure.

1. Upon information and belief, the price, cost and profit margin data in this appendix are representative of the prices paid each week or other ordering period by the Defendant Retailers to the Manufacturers during the period of several years covered by the written purchasing agreement between Defendant Retailer and the Manufacturer. The date column contains the date at which the retailer's offering price was ascertained; the actual date for delivery of the offered auto parts from the Manufacturer would be approximately within a 14-day period preceding such date. Actual payment for such parts, could have been anywhere from 30 to 365 days after the retailer's receipt of the auto parts.

2. The retailer's cost was estimated by reference to the retailer's published profit margin or an estimate, as follows: AutoZone 46.1% (AutoZone's 10-K for 2004); Advance Auto 46.8% (Advance Auto's 10-K for 2004); CSK 46.5% (CSK's 10-K for 2004 fiscal, Y/E 1/31/05); O'Reilly Automotive 43.2% (O'Reilly 10-K for 2004, Y/E 12/31/04); Pep Boys 28.1% (Pep Boy's 10-K/A for Y/E 1/31/04); Wal-Mart and Sam's Club 46.1% (assumed to be purchasing at a lower price, but reselling at a lower price, with resulting profit margin equal to AutoZone's profit margin); and 40% for the other Major Retailers (assumed, but lower than AZ, AA, WM, SC). The cost includes various discounts, fees, allowances, payments, deductions from invoices, and other economic benefits given to the Retailer by the Manufacturer, as described to a substantial extent in the written agreement(s) between Retailer and Manufacturer, and the financial relationship evolving under the agreement(s). Because of Pep Boy's comparatively low profit margin (probably caused in part by Pep Boys' failure to use some types of fees and allowances received from Manufacturers to reduce cost of goods), the actual prices paid by Pep Boys to the Manufacturers must be significantly lower than the calculated amount. Otherwise, Pep Boys is paying substantially more per unit than its major competitors (all of whom have profit margins ranging from 43.2% to 46.8%).

3. The information for CSK includes the resale prices for CSK's three main retail chains: Checker, Schuck's and Kragen. Purchasing for each of the chains, upon information and belief, is negotiated and done collectively by CSK.

1. The purchase was made directly from the Manufacturer (i.e., "Mfr.") or indirectly from a WD ("WD").

2. Certain parts involve a "core charge". When a core is not returned a "core charge" is made. Any core change is included after the part price, separated by a slash. Core charges are not calculated as part of Resale Price or Profit Margin in this analysis.
